

Digital Information Ltd. Open Source Licence Agreement

Version 1.1

Digital Information Ltd. is the original creator of Software known as "8Files Software" and promoter of Modifications (Modifications are defined in Clause 4.2) which are created by Digital Information Ltd. or assigned or licensed to Digital Information Ltd. by the user under this Licence or any other user under a licence on these terms (the 8Files Software).

This licence (the Licence) applies between Us and each user of the 8Files Software (You, which includes the organisation in, or for, which You use the 8Files Software). This Licence also applies to each distributed copy or extract of the 8Files Software.

PLEASE READ THIS LICENCE CAREFULLY BEFORE DOWNLOADING, COPYING, USING OR INSTALLING THE 8FILES SOFTWARE. BY DOWNLOADING, COPYING, USING OR INSTALLING THE 8FILES SOFTWARE, YOU AGREE TO BE BOUND BY ALL THE TERMS AND CONDITIONS OF THIS LICENCE.

Preamble

Digital Information Ltd. is dedicated to the goals of open source Software development, regarding the 8Files Software. Use of the source code of the 8Files Software on the terms of this Licence, including to modify and distribute it, is encouraged. That is what Clause 1 of this Licence addresses.

Copyright law gives Digital Information Ltd. certain rights in relation to the code We have created. Unlike a proprietary approach to Software licensing (where those rights are used to restrict others modifying and distributing the Software), We use those rights positively to license on terms allowing modification and distribution (ie the terms of this Licence). Copyright thereby becomes a tool for Us to ensure all users of the 8Files Software comply with the open source objectives of this Licence. To make that apply to Modifications users create, this Licence causes intellectual property rights in Modifications to be assigned or licensed back to Digital Information Ltd. - which then become part of the "8Files Software". That is what Clause 2 of this Licence addresses.

As the creator and copyright holder of the 8Files Software, Digital Information Ltd. have the right to make the 8Files Software available under alternate licences with differing obligations to this Licence. Rather than employ a dual licensing model (as used by some other open source projects) and for the reassurance of all users of the 8Files Software, We have chosen to detail the method by which Digital Information Ltd. may choose to conditionally release You from some of Your Licence obligations in Clause 3.

1. Right of use

- 1.1 Subject to Clause 2 and the legal rights of any third party. You are granted a non-exclusive right to install, view, copy, modify, alter and add to the 8Files Software (in source or object code form) in any way. However:(a) You must not introduce any virus, worm, trojan horse or malicious code into the 8Files Software;(b) You must not remove or alter any copyright notice; and(c) in any redistribution of 8Files Software or Modifications, you must make clear what code You have changed and the date of the change in a way to clearly distinguish it from other code.
- 1.2 Subject to Clause 2 and the legal rights of a third party, You are granted a non-exclusive right to distribute (using the terms of this Licence without alteration or addition) all or part of the 8Files Software (in source or object code form) without having to make any kind of payment to us. To avoid doubt your right of distribution includes a right to distribute Modifications to the 8Files Software which also constitute 8Files Software under this Licence.
- 1.3 Nothing in this Licence prevents:(a) distribution of the 8Files Software as a component of an aggregate 8Files Software distribution containing programs from several different sources;(b) use of the 8Files Software in a business or a particular field of endeavour; or(c) use of all or part of the 8Files Software together with, or as part of, another computer program,however, this Licence applies, and You must ensure that it continues to apply, to each part of the 8Files Software (including Modifications of it) despite any such distribution or use. This Licence does not apply to any computer program other than the 8Files Software, even if that program is distributed along with the 8Files Software.

2. Intellectual Property

- 2.1 You agree that Digital Information Ltd. controls all intellectual property rights (including copyright) in every aspect of the 8Files Software, including source code and related documentation.
- 2.2 Where Digital Information Ltd. has created source code of 8Files Software, we believe that it does not infringe another person's copyright, but we make no representations as to patent infringement.
- 2.3 It is Your responsibility to investigate and obtain permission from the holder of any patent for use of any patent used by the 8Files Software and to pay any royalties to the patent holder in connection with Your use of such a patent. However, to avoid doubt, the rights in clauses 1.1 and 1.2 include a right to use all relevant patents held by Digital Information Ltd. or which are assigned or licensed to Digital Information Ltd. under clause 2 of this Licence or under clause 2 of a licence by Digital Information Ltd. to another user on the terms of this Licence.
- 2.4 If You alter, modify or add to the 8Files Software, You are expected to assign all of Your intellectual property rights (including copyright and patent rights) in any Modifications to Digital Information Ltd. including copyright in any compilation comprised of any part of the original source code of the 8Files Software and Your Modifications to the 8Files Software. If you agree to assign the copyright of Your Modifications, Digital Information Ltd. will grant You and every other user of the 8Files Software a perpetual, world-wide, royalty-free, non-revokable, non-exclusive licence to use the Modifications.

- 2.5 You agree to waive all moral rights that You may have in any Modifications You make. You consent to the use of Your Modifications by Digital Information Ltd. or any other user under a licence on the terms of this or another substantially similar licence, even if you might regard that use as derogatory treatment under moral rights laws.
- 2.6 If You make available to Digital Information Ltd., or any other user, any of Your Modifications, You represent to Us that these are Your original work and that, as far as You are aware, neither it or its assignment, licence or use under this Licence or another licence on these terms infringes the intellectual property rights of any other person other than a patent identified by a notation made in the source code you have made available.
- 2.7 If the assignment in clause 2.4 is ineffective or does not occur for any reason, You grant to Digital Information Ltd. a royalty free, perpetual, worldwide licence to use all intellectual property rights You have in all Modifications to the 8Files Software, including the right to grant licences to others on the terms of this or another substantially similar Licence.
- 2.8 You must Notify Digital Information Ltd. within 30 days of making any Modifications even if You do not intend to distribute those Modifications. Notify is defined in Clause 4.2 below. If Your Modifications are incomplete, You must still Notify Digital Information Ltd. of the status of your progress not less frequently than once every 30 days. If You do not Notify Digital Information Ltd. of Modifications You have made (complete or not) within 30 days, Digital Information Ltd. may deem that you have opted to limit your obligations in accordance with Clause 3 and as such Digital Information Ltd. may reasonably charge You the consideration indicated in Clause 3
- 2.9 Digital Information Ltd. may choose to publish any notice you provide in accordance with Clause 2.8 on its website or elsewhere for the benefit of other users of the 8Files Software. You hereby grant Digital Information Ltd. the right to publish Your notice where We see fit. You will not charge Digital Information Ltd. any fee for this right.
- 2.10 You are obliged to promptly provide a copy of any Modifications You make to any other party that requests a copy of Your Modifications and in a format reasonably requested by them. You may not charge any fee for complying with this obligation except for the reimbursement of reasonable costs. If you provide Digital Information Ltd. with a copy of Your Modifications and Digital Information Ltd. make Your Modifications available for download from Our website, then this will be deemed to satisfy the requirements of this clause.

3. Option to Limit Obligation

- 3.1 In return for a mutually agreed consideration, Digital Information Ltd. may, at its own discretion and without requirement, choose to conditionally release You from some of Your obligations under this Licence. Specifically, Digital Information Ltd. may choose to conditionally waive Your obligation to:
 - (a) distribute Modifications under the same terms as this Licence as specified in Clause 1.1;
 - (b) assign copyright to Digital Information Ltd. as specified in Clause 2.4;
 - (c) grant Digital Information Ltd. perpetual royalty free use of Your Modifications as specified in Clause 2.7;
 - (d) Notify Digital Information Ltd. of Your Modifications as specified in Clause 2.8;
